

Ambulance elves

Please check that you have all parts. (Located in attached bag)

- 6 ground stakes
- 3 wing bolts
- 1 pkg. of asst. color clips (replacement)
- 1 gray 2 point controller
- 1 cord set
- 1 jumper cord

Unfold display being careful not to stretch any attached wires. There are hinges on the display. On each piece attach two small metal plates hold up display. Ambulance Elves will need extra support which is not included. You can do this with an extra stakes placed behind the display or a cable tie.

Attach ground stakes by placing them into the sleeves at the bottom and screwing them into a bolt provided.. Push ground stakes gently into and forth motion to inch each side gradually into the ground.

First, lay the cord set on the ground. (It looks better on the back side of the decoration).

1. Plug the male end of the cord set into an extension cord.
2. Plug the male plug from the front wheel into the first female plug of the cord set.
3. Plug the controller into the second female plug of the cord set.
4. Plug the male plug from the back wheel into the third female plug of the cord set.
5. Plug the male plug from the back elf into the last female plug of the cord set
6. Now plug animated parts into the controller.
7. Plug the plug marked Green #1 into the controller plug marked Green #1.
8. Plug the plug marked Red #2 into the controller plug marked Red #2.
9. . Adjust speed to your liking.

For the best look, straighten clips. Also, if you live in an area with lots of rain or snow, you may want to take extra precaution to cover your
